

# Are You between the Ages of 18-40 and Struggling with Anorexia Nervosa or a Related Eating Disorder Marked by Food Restriction and Weight Loss?

## "RECONNECTING FOR RECOVERY" MULTIFAMILY THERAPY GROUP RESEARCH STUDY

Principal Investigator: Mary Tantillo PhD PMHCNS-BC FAED

You may qualify to be in a research study of a new 16-week Multifamily Therapy Group Treatment for Adults (ages 18-40) with Anorexia Nervosa and their family members. This treatment is free and parking passes are provided.

Up to four adult family members can participate including adult family of origin members like parents and siblings or adult "family of choice" members like partners, close friends and mentors.

If you are interested, contact the University of Rochester School of Nursing at (585) 275-6629 to see if you qualify. The study website is:
